The barbaric Pahalgam attack stands as yet another grim reminder of how terrorism continues to "stain humanity", says the NHRC while stating that it registered 58,753 rights cases across the country from last April to March this year. In the latest edition of its newsletter — 'Human Rights' — the National Human Rights Commission (NHRC) has also expressed deepest condolences to the families who suffered the "irreparable loss of their loved ones" in the April 22 attack, in which 26 people, mostly tourists, were killed. In the May edition of the newsletter, NHRC's Secretary General Bharat Lal recalls in the opening piece the dastardly terror attack that left the nation benumbed and has drawn condemnation from multiple countries and various heads of state.

"On 22 April, 2025, the world was left reeling after a heinous terrorist attack in the Pahalgam region of Jammu & Kashmir, where 26 innocent tourists were brutally killed after being identified by their faith," Lal says in the newsletter.

"This barbaric act stands (as) yet another grim reminder of how terrorism continues to stain humanity. Our deepest condolences go out to the families who have suffered the irreparable loss of their loved ones," the piece reads. Lal further writes that the NHRC has strongly condemned the attack and urged decisive action, demanding accountability, swift justice for the perpetrators and comprehensive support for the victims' families. The newsletter

also carries the statement that was issued by the commission in the wake of the terror attack. "The time has come to act against those aiding, abetting, supporting and advancing terrorism, and to hold them accountable for this menace," the April 25 statement said.

The Murshidabad riots also find a mention in the opening piece of the 40-page newsletter. "A few days before this incident, another major human catastrophe broke out in the Murshidabad district of West Bengal, wherein riots were reported, causing loss of life and property and exodus of people to the adjoining Malda district. The commission deputed a team of its senior functionaries for an on-spot enquiry into the matter," it reads.

The NHRC, established on October 12, 1993, under the Protection of Human Rights Act, has been a guardian of human rights for over three decades.

In its newsletter, the commission also shared some data about the number of human rights cases registered and disposed of by it from April 2024 to March 2025.

"The Commission registered a total of 58,753 cases, including 99 cases initiated suo motu based on media reports, 1,987 of deaths in judicial custody, 140 of deaths in police custody and 120 cases of deaths in police encounter," it says.

The top 10 categories of human rights complaints due to the "action, omission and inaction by various public authorities" were in the matters of trouble by anti-social elements (7,318), failure in taking lawful action (4,192), abuse of power (3,102), land

dispute (2,987), deaths in judicial custody (1,987), inaction by the public authorities (1,628), matrimonial disputes (1,620), family disputes (1,598), intimidation/threatening/extortion by anti-social elements and land grabbing (1,364), the NHRC says.

A total of 55,821 cases were disposed of, including carry-forward cases from the previous year (during the period from April 2024 to March 2025), it adds.

Monetary relief amounting to Rs 13.45 crore was recommended to the victims or their next of kin in 332 cases.

"Spot investigations were conducted in 23 cases and analysis was carried out in 1,480 cases of deaths in judicial custody, 236 cases of deaths in police custody and 185 cases of deaths in encounter. Besides, 202 cases were those in which the Commission, through its investigation team found the facts in the wake of various allegations," the rights panel says.

Among its many impactful actions during the year, the NHRC says in the newsletter, it made several "notable interventions" in cases of serious human rights violations across the country.

"These included addressing the ongoing violence and rights abuses in Sandeshkhali, West Bengal, and exposing anti-labour practices at a multinational company's warehouse in Manesar, Haryana," it says.

Through timely notices and active engagement with the authorities concerned, the NHRC said, the commission pushed for accountability and justice.

Lal further writes that the NHRC has strongly condemned the attack and urged decisive action, demanding accountability, swift justice for the perpetrators and comprehensive support for the victims' families.

The newsletter also carries the statement that was issued by the commission in the wake of the terror attack.

"The time has come to act against those aiding, abetting, supporting and advancing terrorism, and to hold them accountable for this menace," the April 26 statement said.

The Murshidabad riots also find a mention in the opening piece of the 40-page newsletter.

"A few days before this incident, another major human catastrophe broke out in the Murshidabad district of West Bengal, wherein riots were reported, causing loss of life and property and exodus of people to the adjoining Malda district. The commission deputed a team of its senior functionaries for an on-spot enquiry into the matter," it reads.

The NHRC, established on October 12, 1993, under the Protection of Human Rights Act, has been a guardian of human rights for over three decades.

In its newsletter, the commission also shared some data about the number of human rights cases registered and disposed of by it from April 2024 to March 2025.

"The Commission registered a total of 58,753 cases, including 99 cases initiated suo motu based on media reports, 1,987 of deaths in judicial custody, 140 of deaths in police custody and 120 cases of deaths in police encounters," it says.

Monetary relief amounting to Rs 13.45 crore was recommended to the victims or their next of kin in 332 cases.

"Spot investigations were conducted in 23 cases and analysis was carried out in 1,480 cases of deaths in judicial custody, 236 cases of deaths in police custody and 185 cases of deaths in encounter. Besides, 202 cases were those in which the Commission, through its investigation team, found the facts in the wake of various allegations," the rights panel says.

Among its many impactful actions during the year, the NHRC says in the newsletter, it made several "notable interventions" in cases of serious human rights violations across the country.

"These included addressing the ongoing violence and rights abuses in Sandeshkhali, West Bengal, and exposing anti-labour practices at a multinational company's warehouse in Manesar, Haryana," it says.

Through timely notices and active engagement with the authorities concerned, the NHRC said, the commission pushed for accountability and justice.

Patna: National Human Rights Commission (NHRC) on Monday took suo motu cognizance of the death of a minor girl, who succumbed to her injuries on Sunday after being brutally raped and assaulted in Muzaffarpur on May 26. The commission acted following reports that the child's death may have been caused by alleged delays in receiving treatment at the Patna Medical College and Hospital (PMCH).

The NHRC issued notices to the chief secretary and the DGP, Bihar, calling for a detailed report on the matter within two weeks.

"The commission took cognizance based on media reports, which said that on June 1, 2025, a minor girl, victim of rape and physical assault, died at the PMCH, amid allegations that she was left waiting in an ambulance for several hours before getting a bed to start her treatment. She was victimised in Muzaffarpur on May 26," an official of the NHRC said on Monday.

"The contents of the news report, if true, raise a serious issue of violation of human rights. Therefore, we have issued notices to the chief secretary and the DGP, Bihar, calling for a detailed report in the matter within two weeks," the official said.

"According to the media reports, carried on June 1, the same perpetrator had earlier committed the same offence with another 12-year-old-girl and had attempted to kill her," the commission pointed out.

The minor was raped on May 26 at her village in Muzaffarpur and brought to the PMCH on May 31 in a critical condition, an official said.

Reacting to the incident, leader of opposition in the Lok Sabha Rahul Gandhi, in a post on X on Sunday, wrote, "The brutality against a minor dalit girl in Muzaffarpur and the subsequent negligence in her treatment is extremely shameful. If she had received timely treatment, her life could have been saved. But the double-engine govt was negligent not only in providing security but also in saving her life. We will not sit quietly until the victim's family gets justice. Strict action should be taken against the culprits and negligent officers."

Meanwhile, the people of the victim's village in Muzaffarpur on Monday set the accused's house on fire. The accused belonged to the same village. Police said there is a tense atmosphere in the village, as people are divided in support of the deceased girl and the accused.

The mother of the deceased has fallen ill after her daughter's death and is in a terrible condition, crying continuously.

"Hanging the accused won't do anything. Just like my daughter was tortured and killed, he should be killed the same way. The accused should be handed over to us. We will make him suffer before he dies," the deceased's mother, who is a widow, told reporters.

"First my husband, now my daughter passed away. How will I live on?" the deceased's mother asked.

The National Human Rights Commission (NHRC) has sought a report within two weeks from the Bihar government and state police chief over the death of a minor rape victim at the Patna Medical College and Hospital (PMCH), an official said on Monday. The NHRC has taken suo motu cognisance of a media report published on June 1, 2025, amid allegations that the 10-year-old child was left waiting in an ambulance for several hours before getting a bed to start treatment.

She was raped in Muzaffarpur district on May 26 and the rapist had attempted to kill her by stabbing her in the chest and throat. She was brought to the hospital in a critical condition on May 30. The alleged rapist was arrested later.

The right's body issued a notice saying, "The Commission has examined that the contents of the news report, if true, raise a serious issue of violation of human rights. "According to the media report, carried on June 1, the same perpetrator had earlier committed the same offence with another 12-year-old-girl and had attempted to kill her," said the NHRC notice.

The brutal rape-cum-murder has sparked a political storm in election-bound Bihar with the Congress alleging that "rapists and criminals were feeling emboldened as the JD(U)-BJP government had let powerful and influential people go scot-free despite serious charges".

Bihar Leader of the Opposition, Tejashwi Yadav, also attacked Chief Minister Nitish Kumar and his government over the rape and death of the minor.

Yadav said, "Whether it's law and order, healthcare, education, or employment, this double-engine government has failed completely. The Chief Minister has never expressed regret on any such issue. I doubt if he even knows about this brutal rape case."

Yadav strongly criticised the Chief Minister and his two deputies for allegedly being preoccupied with political events and election preparations, saying they were ignoring public grievances and justice.

ITANAGAR: The National Human Rights Commission (NHRC) on Monday took cognisance of media reports on protests by hundreds of people to the proposed Siang Upper Multipurpose Project (SUMP) in Arunachal Pradesh, and sought a report from the chief secretary and state police chief.

The commission cited a media report of May 23 on a human rights activist and convenor of the Siang Indigenous Farmers Forum leading a protest by 400 people against the dam construction in Beging village.

In a statement, NHRC said it had taken suo motu cognisance of the report “that the residents are opposing the proposed construction of a dam, apprehending that it may result in the displacement of several people and adversely impact livelihood and ecology in the Siang district, Arunachal Pradesh”.

“Reportedly, to deal with the situation, the government has deployed central armed forces in various areas of the Siang district in the State,” the statement said.

The commission said that the media report, if true, raise serious concerns of potential human rights violations and sought detailed reports from the chief secretary and the director general of police within two weeks.

The commission’s decision to take note of the protests comes days after a consultative meeting on the contentious project spiralled into chaos on May 27 as villagers opposing the mega hydropower project clashed with security forces and disrupted the proceedings.

Days later, chief minister Pema Khandu said the project was still at the stage of a pre-feasibility report (PFR) and that the government would go ahead with the project “based on the will of the people”.

Khandu also reiterated that the project was of strategic importance and not just aimed at generating electricity. “China’s upstream hydropower plans are a serious concern for India. Unregulated release of water could cause massive flooding in Siang valley and parts of Assam. Conversely, if water is withheld, the Siang may dry up during winters,” he warned.

Itanagar, June 2: The National Human Rights Commission (NHRC) has taken suo motu cognisance of reports alleging potential human rights violations linked to the proposed 11,500 MW Siang Upper Multipurpose Project (SUMP) in Arunachal Pradesh. The Commission has issued notices to the state's Chief Secretary and Director General of Police, demanding a detailed report within two weeks.

The NHRC action follows a media report published on May 23 highlighting local resistance to the dam construction in the Siang district, citing fears of displacement, environmental degradation, and threats to indigenous livelihoods. The report also noted the deployment of Central Armed Police Forces (CAPF) in the area, raising further concerns about the militarisation of a civil issue.

The Commission stated that if the media reports are accurate, they raise serious issues of human rights violations.

The protest movement has gained national attention. On May 23, around 400 people gathered in Beging village under the leadership of a local human rights activist and Siang Indigenous Farmers Forum (SIFF) convenor. Over 30 NGOs and civil society organisations across India have since extended their support.

Protesters have called for the immediate withdrawal of CAPF personnel from Siang, Upper Siang, and East Siang districts; the removal of drilling equipment from the project's survey site in Beging; and a public assurance from the Arunachal Pradesh government that no further activities linked to the dam's pre-feasibility report (PFR) will proceed without the free, prior, and informed consent of affected communities.

Amid rising tensions, the state administration has filed a police complaint against prominent anti-dam campaigner and SIFF legal adviser Ebo Mili, accusing him of leading an unlawful assembly at the protest site on May 22. In response, Mili temporarily went missing, prompting concern among supporters.

Mili resurfaced on May 31, confirming he was safe after taking shelter at a GREF camp following a landslide in Shi-Yomi's Tato area. He clarified that he had switched off his phone to avoid police surveillance and reiterated that his presence at Beging was in a legal advisory capacity, not as a protest leader.

Villagers from Beging have also rejected the administration's claims, affirming that Mili neither incited nor led any unlawful activities.

The proposed Siang Upper Multipurpose Project, to be executed by the National Hydroelectric Power Corporation (NHPC), is one of India's largest planned hydropower ventures. However, it has faced sustained resistance from tribal communities, environmentalists, and rights groups, who argue that it threatens fragile ecosystems and undermines indigenous rights protected under India's Constitution.

The National Human Rights Commission (NHRC) on Monday said it has issued notices to the Arunachal Pradesh government and the state's police chief over reports that residents are opposing the proposed construction of a dam, apprehending that it may result in displacement of several people and adversely impact livelihood and ecology in Siang district.

The rights panel has sought a detailed report in two weeks.

The NHRC in a statement said that it has taken "suo motu cognisance of a media report that the residents are opposing the proposed construction of a dam, apprehending that it may result in the displacement of several people and adversely impact livelihood and ecology in the Siang district, Arunachal Pradesh".

The rights panel said that the government has reportedly deployed central armed forces in various areas of the district in the state to deal with the situation.

The Commission has observed that the content of the news report, if true, raise issues of "violation of human rights". Therefore, it has issued notices to the chief secretary and the director general of police of Arunachal Pradesh, seeking a detailed report in two weeks, the statement said.

According to the media report, a human rights activist and convenor of the Siang Indigenous Farmers Forum led a protest reportedly on May 23 against the dam construction in Beging village in which approximately 400 people participated, it said.

The National Human Rights Commission (NHRC) has taken suo motu cognizance of reports highlighting strong public opposition to a proposed dam construction project in the Siang district of Arunachal Pradesh.

Locals have voiced deep concerns over potential displacement, environmental degradation, and threats to their traditional livelihoods.

According to reports published on May 23, 2025, nearly 400 individuals participated in a protest at Beging village. The demonstration was led by a human rights activist and convenor of the Siang Indigenous Farmers Forum, underscoring growing unrest over the planned hydropower initiative.

In response, the Arunachal Pradesh government reportedly deployed central armed police forces to several parts of the district, a move that has drawn criticism from rights groups and environmental advocates.

Taking serious note of the situation, the NHRC has issued formal notices to the Chief Secretary and the Director General of Police of Arunachal Pradesh, demanding a detailed report within two weeks. The Commission observed that the reported facts may amount to serious violations of human rights, particularly concerning the rights of indigenous communities.

The NHRC's intervention comes amid a larger debate over infrastructure development versus the rights of local populations and the preservation of ecologically sensitive zones in the Northeast.

The Commission has reiterated that any development project must be preceded by transparent consultation with affected communities, with due regard for environmental and human rights standards.

New Delhi: The barbaric Pahalgam attack stands as yet another grim reminder of how terrorism continues to "stain humanity", says the NHRC while stating that it registered 58,753 rights cases across the country from last April to March this year.

In the latest edition of its newsletter -- 'Human Rights' -- the National Human Rights Commission (NHRC) has also expressed deepest condolences to the families who suffered the "irreparable loss of their loved ones" in the April 22 attack, in which 26 people, mostly tourists, were killed.

In the May edition of the newsletter, NHRC's Secretary General Bharat Lal recalls in the opening piece the dastardly terror attack that left the nation benumbed and has drawn condemnation from multiple countries and various heads of state.

"On 22 April, 2025, the world was left reeling after a heinous terrorist attack in the Pahalgam region of Jammu & Kashmir, where 26 innocent tourists were brutally killed after being identified by their faith," Lal says in the newsletter.

"This barbaric act stands (as) yet another grim reminder of how terrorism continues to stain humanity. Our deepest condolences go out to the families who have suffered the irreparable loss of their loved ones," the piece reads.

Lal further writes that the NHRC has strongly condemned the attack and urged decisive action, demanding accountability, swift justice for the perpetrators and comprehensive support for the victims' families.

The newsletter also carries the statement that was issued by the commission in the wake of the terror attack.

"The time has come to act against those aiding, abetting, supporting and advancing terrorism, and to hold them accountable for this menace," the April 25 statement said.

The Murshidabad riots also find a mention in the opening piece of the 40-page newsletter.

"A few days before this incident, another major human catastrophe broke out in the Murshidabad district of West Bengal, wherein riots were reported, causing loss of life and

property and exodus of people to the adjoining Malda district. The commission deputed a team of its senior functionaries for an on-spot enquiry into the matter," it reads.

The NHRC, established on October 12, 1993, under the Protection of Human Rights Act, has been a guardian of human rights for over three decades. In its newsletter, the commission also shared some data about the number of human rights cases registered and disposed of by it from April 2024 to March 2025. "The Commission registered a total of 58,753 cases, including 99 cases initiated suo motu based on media reports, 1,987 of deaths in judicial custody, 140 of deaths in police custody and 120 cases of deaths in police encounter," it says.

The top 10 categories of human rights complaints due to the "action, omission and inaction by various public authorities" were in the matters of trouble by anti-social elements (7,318), failure in taking lawful action (4,192), abuse of power (3,102), land dispute (2,987), deaths in judicial custody (1,987), inaction by the public authorities (1,628), matrimonial disputes (1,620), family disputes (1,598), intimidation/threatening/extortion by anti-social elements and land grabbing (1,364), the NHRC says.

A total of 55,821 cases were disposed of, including carry-forward cases from the previous year (during the period from April 2024 to March 2025), it adds.

Monetary relief amounting to Rs 13.45 crore was recommended to the victims or their next of kin in 332 cases.

"Spot investigations were conducted in 23 cases and analysis was carried out in 1,480 cases of deaths in judicial custody, 236 cases of deaths in police custody and 185 cases of deaths in encounter. Besides, 202 cases were those in which the Commission, through its investigation team found the facts in the wake of various allegations," the rights panel says.

Among its many impactful actions during the year, the NHRC says in the newsletter, it made several "notable interventions" in cases of serious human rights violations across the country.

"These included addressing the ongoing violence and rights abuses in Sandeshkhali, West Bengal, and exposing anti-labour practices at a multinational company's warehouse in Manesar, Haryana," it says.

Through timely notices and active engagement with the authorities concerned, the NHRC said, the commission pushed for accountability and justice.

The newsletter also carried details about cases received in April this year. The number of fresh complaints received stood at 4,829 while the number of cases disposed of, including old cases, stood at 3,207. The number of cases under consideration of the NHRC stood at 12,325, according to the newsletter.

Sharmistha Panoli was arrested from Haryana's Gurugram by the West Bengal Police on Friday, May 30, over her contentious post.

The National Human Rights Commission (NHRC) has issued a notice to the Director general of police of West Bengal to ensure the safety of Sharmistha Panoli, a social media influencer and law student arrested over her alleged communal remarks linked to Operation Sindoor, said Priyank Kanoongo, a member of the human rights body.

The action was taken in view of the multiple "rape and death threats" against Panoli, Kanoongo told ANI.

He also said that the human rights body received a complaint from the Legal Rights Observatory alleging that proper legal procedures were not followed during Panoli's arrest.

Panoli was arrested from Haryana's Gurugram by the West Bengal Police on Friday, May 30, over her contentious post. She has been sent to judicial custody till June 13.

"We received a complaint from an organisation called Legal Rights Observatory regarding a law student, who was arrested by West Bengal Police from Haryana in the middle of the night over an allegedly objectionable social media post. The complaint alleges that proper legal procedures were not followed during her arrest and transit. It also states that the girl has received threats from radical Islamists, including rape and death threats," Kanoongo told ANI.

He also said that the NHRC has reached out to the Haryana government as well to determine whether all legal procedures were followed properly or not during Panoli's arrest before deciding the next course of action.

"We have issued a notice to the Chief Secretary and DGP of West Bengal, directing them to ensure her safety, especially as she is now in judicial custody. Additionally, we have sought clarification from the Haryana government on whether all legal protocols were followed. Based on the responses, we will decide the next course of action," he said.

Complaint filed against man who lodged FIR against Panoli

A police complaint has been filed against a 30-year-old Kolkata resident, whose May 14 complaint led to the arrest of a 22-year-old law student for a social media post from Gurugram, people familiar with the matter said on Monday.

The National Human Rights Commission (NHRC) has sought a report from the DGP of West Bengal based on a complaint by an NGO about the arrest of law student Sharmishta Panoli by the Kolkata Police.

Following a strong statement issued by the Bar Council of India condemning the arrest, the Bar Council of Delhi had also come out in her support, terming the arrest “selective, excessive, and politically motivated,” and demanding her immediate release.

Sharmishta Panoli, a resident of Kolkata, who is studying law in a college in Pune, was arrested on Friday for allegedly making provocative statements concerning Operation Sindoor on social media. An FIR was lodged at Garden Reach Police Station in Kolkata, and a Court in Alipore remanded her to 14 days' custody.

Legal Rights Observatory (LRO), a legal advocacy group, filed a complaint before the NHRC stating that Sharmishta has received large number of death and rape threats even though she is in custody. The NGO has also alleged that due procedure was not followed while arresting her from Gurgaon.

"The complaint alleges that proper legal procedures were not followed during her arrest and transit. It also states that the girl has received threats from radical islamists, including rape and death threats", NHRC Member Priyank Kanoongo told media.

The NHRC has issued a notice to the Chief Secretary and DGP of West Bengal, directing them to ensure her safety, especially as she is now in judicial custody.

"Additionally, we have sought clarification from the Haryana government on whether all legal protocols were followed. Based on the responses, we will decide the next course of action", Kanoongo added.

The NHRC Member said that NHRC has called for a report within ten days.

In the statement dated June 1, the Chairman of the Bar Council of India said, “I stand firmly with Sharmishta Panoli, whose arrest and judicial custody for a now-deleted social media video – despite her immediate apology – represents an absolute failure of justice and a blatant assault on freedom of expression. The Bengal government and Kolkata Police have once again proved their pattern of excessive, selective, and politically motivated action, targeting individuals from particular communities while ignoring or even shielding far more egregious acts by others.”

The Bar Council of Delhi said in its press release of today, "The high-handedness and unnecessary haste shown by the Kolkata Police in arresting Ms. Sharmistha Panoli, as if she was a criminal, shows the selective, excessive and politically motivated action of Kolkata Police, which no doubt, [was] done at the behest of West Bengal Government."

## **“Directed Chief Secretary, DGP of West Bengal to ensure her safety”: NHRC member Priyank Kanoongo on Sharmishtha Panoli’s arrest**

<https://thenewsmill.com/2025/06/directed-chief-secretary-dgp-of-west-bengal-to-ensure-her-safety-nhrc-member-priyank-kanoongo-on-sharmishtha-panolis-arrest/>

National Human Rights Commission (NHRC) member Priyank Kanoongo on Monday said that the commission has issued notices to the Chief Secretary and Director General of Police (DGP) in West Bengal, directing them to ensure the safety of social media influencer Sharmishtha Panoli, who was recently arrested for posting an alleged communal post, owing to “rape and death threats” against the accused. He said that the Legal Rights Observatory lodged a complaint with the NHRC, alleging that proper legal procedures were not followed during the arrest of Panoli, who was arrested by the West Bengal police from Haryana’s Gurugram on May 30. “We received a complaint from an organisation called Legal Rights Observatory regarding a law student, who was arrested by West Bengal Police from Haryana in the middle of the night over an allegedly objectionable social media post. The complaint alleges that proper legal procedures were not followed during her arrest and transit. It also states that the girl has received threats from radical Islamists, including rape and death threats,” Kanoongo told ANI. He added that NHRC would decide on its next course of action after inquiring whether proper legal protocols were followed during Panoli’s arrest. “We have issued a notice to the Chief Secretary and DGP of West Bengal, directing them to ensure her safety, especially as she is now in judicial custody. Additionally, we have sought clarification from the Haryana government on whether all legal protocols were followed. Based on the responses, we will decide the next course of action,” Kanoongo added.

Earlier, Manan Kumar Mishra, Chairman of the Bar Council of India and Senior Advocate at the Supreme Court of India, strongly condemned the arrest of law student Sharmishtha Panoli.

He issued a statement stating that her detention over a now-deleted social media video—despite her immediate apology—has sparked outrage, with Mishra denouncing it as a grave miscarriage of justice and a direct attack on freedom of expression. Mishra asserted that the Bengal government and Kolkata Police have repeatedly demonstrated selective enforcement of the law, targeting individuals from specific communities while overlooking more serious offences committed by others. He pointed to historical injustices in West Bengal, such as the Marichjhanpi massacre, Nandigram violence, and politically motivated killings, as evidence of systemic failures in the state’s justice system. Recent incidents, including the Murshidabad riots, further exemplify what he termed “appeasement politics,” where the state shields perpetrators of violence against certain groups while swiftly punishing those who express dissent.

Law student and social media influencer Sharmishta Panoli was taken into custody by Kolkata Police in Gurugram on Friday night after facing intense backlash over a video she shared earlier this month. The now-deleted footage allegedly featured communally sensitive language and remarks that sparked outrage online and led to legal proceedings.

**HIGHLIGHTS** The NHRC on Monday sought a report within 10 days from the West Bengal government and police on the safety of the jailed law student-cum-creator Sharmistha Panoli, while questioning the state authorities on her arrest formalities.

New Delhi: The NHRC on Monday sought a report within 10 days from the West Bengal government and police on the safety of the jailed law student-cum-creator Sharmistha Panoli, while questioning the state authorities on her arrest formalities. NHRC Member Priyank Kanoongo told IANS, “A notice was issued to the Chief Secretary and police chief on receiving a complaint alleging irregularities in the procedure adopted by police to arrest Panoli and take her on transit remand.”

“We have sought a report within 10 days,” Kanoongo said. Twenty-two-year-old Sharmistha was arrested on Saturday in Haryana’s Gurugram by Kolkata Police for posting videos containing communal remarks during Operation Sindoor. Earlier, Bollywood star Kangana Ranaut on Sunday called for the early release of Panoli, calling her arrest over a now-deleted social media post ‘unjustified’

Kangana, known for essaying characters of strong women in her films, also expressed concerns over the damage caused to the influencer-cum-law student’s career after her arrest by Kolkata Police. “No girl or daughter should be subjected to such high-handedness,” said Ranaut while talking to the media on the sidelines of an event in Delhi.

Targeting the Trinamool government in West Bengal, the National Award-winning actress and BJP MP from Mandi in Himachal Pradesh, said, “I request the government of West Bengal not to make the state another North Korea.” “Every citizen has democratic rights...if she made an objectionable comment, she also apologised for it later. She seems to have made the comment in a general context. Youngsters today use such language in the normal course,” she said, putting up a strong case for Sharmistha’s release.

Actor-cum-politician and Andhra Pradesh’s Deputy Chief Minister Pawan Kalyan showed solidarity with Sharmistha and asked West Bengal Police to act justly. Amid the growing sympathy for the arrested influencer, the Kolkata Police sought to counter the ‘misleading narrative’ surrounding their action and her objectionable social media content.

In a post on the social media platform X, the Kolkata Police justified their action of apprehending the 22-year-old law student, claiming they acted lawfully according to the procedure established by law.

“Hate speech and abusive language should not be misconstrued as freedom of speech and expression as enshrined in Article 19(1)(a) of the Constitution,” said the police. “The accused was not arrested for expressing patriotism or for personal belief; legal actions were taken for sharing offensive content which promotes hatred among the communities,” the police said.

### शर्मिष्ठा की गिरफ्तारी

New Delhi नई दिल्ली: एनएचआरसी ने सोमवार को जेल में बंद कानून की छात्रा और रचनाकार शर्मिष्ठा पनोली की सुरक्षा पर पश्चिम बंगाल सरकार और पुलिस से 10 दिनों के भीतर रिपोर्ट मांगी, साथ ही उनकी गिरफ्तारी की औपचारिकताओं पर राज्य के अधिकारियों से सवाल भी किए।

एनएचआरसी सदस्य प्रियांक कानूनगो ने आईएनएस को बताया, "पुलिस द्वारा पनोली को गिरफ्तार करने और उसे ट्रांजिट रिमांड पर लेने के लिए अपनाई गई प्रक्रिया में अनियमितताओं का आरोप लगाने वाली शिकायत मिलने पर मुख्य सचिव और पुलिस प्रमुख को नोटिस जारी किया गया।"

कानूनगो ने कहा, "हमने 10 दिनों के भीतर रिपोर्ट मांगी है।"

22 वर्षीय शर्मिष्ठा को ऑपरेशन सिंदूर के दौरान सांप्रदायिक टिप्पणी वाले वीडियो पोस्ट करने के लिए कोलकाता पुलिस ने शनिवार को हरियाणा के गुरुग्राम में गिरफ्तार किया था। इससे पहले, बॉलीवुड स्टार कंगना रनौत ने रविवार को पनोली की जल्द रिहाई की मांग की थी और अब डिलीट हो चुकी सोशल मीडिया पोस्ट पर उनकी गिरफ्तारी को 'अनुचित' बताया था।

अपनी फिल्मों में सशक्त महिलाओं के किरदार निभाने के लिए मशहूर कंगना ने कोलकाता पुलिस द्वारा गिरफ्तारी के बाद प्रभावशाली-सह-कानून की छात्रा के करियर को हुए नुकसान पर भी चिंता व्यक्त की दिल्ली में एक कार्यक्रम के दौरान मीडिया से बात करते हुए रनौत ने कहा, "किसी भी लड़की या बेटी के साथ इस तरह की मनमानी नहीं होनी चाहिए।"

पश्चिम बंगाल की तृणमूल सरकार पर निशाना साधते हुए राष्ट्रीय पुरस्कार विजेता अभिनेत्री और हिमाचल प्रदेश के मंडी से भाजपा सांसद ने कहा, "मैं पश्चिम बंगाल सरकार से अनुरोध करती हूं कि वह राज्य को दूसरा उत्तर कोरिया न बनाए।"

"हर नागरिक के लोकतांत्रिक अधिकार हैं... अगर उसने कोई आपत्तिजनक टिप्पणी की है, तो उसने बाद में इसके लिए माफ़ी भी मांगी है। ऐसा लगता है कि उसने यह टिप्पणी सामान्य संदर्भ में की है। आजकल के युवा सामान्य तौर पर ऐसी भाषा का इस्तेमाल करते हैं," उन्होंने शर्मिष्ठा की रिहाई के लिए एक मज़बूत मामला पेश करते हुए कहा। अभिनेता-सह-राजनेता और आंध्र प्रदेश के उप-मुख्यमंत्री पवन कल्याण ने शर्मिष्ठा के साथ एकजुटता दिखाई और पश्चिम बंगाल पुलिस से न्यायपूर्ण कार्रवाई करने को कहा।

गिरफ्तार प्रभावशाली व्यक्ति के लिए बढ़ती सहानुभूति के बीच, कोलकाता पुलिस ने अपनी कार्रवाई और उसके आपत्तिजनक सोशल मीडिया कंटेंट के इर्द-गिर्द 'भ्रामक कहानी' का मुकाबला करने की कोशिश की सोशल मीडिया प्लेटफ़ॉर्म एक्स पर एक पोस्ट में, कोलकाता पुलिस ने 22 वर्षीय लॉ स्टूडेंट को गिरफ्तार

करने की अपनी कार्रवाई को उचित ठहराया और दावा किया कि उन्होंने कानून द्वारा स्थापित प्रक्रिया के अनुसार वैध तरीके से काम किया।

पुलिस ने कहा, "घृणास्पद भाषण और अपमानजनक भाषा को संविधान के अनुच्छेद 19(1)(ए) में निहित अभिव्यक्ति की स्वतंत्रता के रूप में गलत नहीं समझा जाना चाहिए।" पुलिस ने कहा, "आरोपी को देशभक्ति व्यक्त करने या व्यक्तिगत विश्वास के लिए गिरफ्तार नहीं किया गया था; समुदायों के बीच घृणा को बढ़ावा देने वाली आपत्तिजनक सामग्री साझा करने के लिए कानूनी कार्रवाई की गई थी।"

## **YSRCP chief Jagan to meet police atrocity victim's family in Guntur district**

<https://www.theweek.in/wire-updates/national/2025/06/02/mes26-ap-police-jagan.html>

PTI Updated: June 02, 2025 20:24 IST

Amaravati, Jun 2 (PTI) YSRCP chief YS Jagan Mohan Reddy will visit Tenali in Guntur district on June 3 and will meet one of the families of the three men who were publicly thrashed on the road by the police recently.

Half a dozen policemen in Tenali made three men--John Victor, Karimullah and Rakesh--sit on the road and beat them with batons, a YSRCP release said on Monday.

A video of the incident went viral, bringing widespread condemnation against Tenali police for assaulting the minorities.

In the video, a policeman is seen kicking one of the victims, while another policeman stamps on a victim's thighs. The incident occurred on April 25 and came to light after a video surfaced on May 26. Two of the victims are from the Dalit community, while one belonged to a minority community. The three men were accused of attacking a police constable after being confronted over marijuana possession.

"Reddy will visit Tenali on June 3, to meet the family of one of the three young victims from Dalit and minority communities who were brutally assaulted by police personnel," the release said. Expressing deep anguish over this atrocity involving police, the opposition leader described the incident as an inhuman act that has shaken the conscience of the state. Recently, YSRCP Tirupati MP Maddila Gurumoorthy met the chairperson of the National Human Rights Commission (NHRC), V Ramasubramanian, and the Chairperson of the National Commission for Scheduled Castes (NCSC), Kishor Makwana, in New Delhi to submit formal complaints over the Tenali police atrocity.

"He (Gurumoorthy) urged immediate action against the police personnel involved in the brutal assault on Dalit and minority youths in Tenali, Guntur district, which occurred in broad daylight on a public road," the release said.

In his complaint, the Tirupati MP alleged systemic misuse of the police system by the TDP-led NDA government to target YSRCP leaders and marginalised communities, particularly Dalits, BCs and tribals.

Meanwhile, Tenali Sub-Divisional Police Officer B Janardhan told PTI that an enquiry officer has been appointed by Guntur District Superintendent of Police S Satish to look into the atrocity case.

Reacting to Reddy's planned visit to Tenali, TDP leader and Madakasira MLA MS Raju ridiculed that a person (Jagan) who had worked as the CM is going to comfort "marijuana gangs, rowdy sheeters and anti-social elements".

"This reflects the criminal nature and heinous mindset of Jagan," said Raju addressing a press conference.

## Chandigarh's Maloya residents grapple with foul water crisis

Complaints about black, foul-smelling, and muddy water have been flooding in for weeks, with multiple families reporting illness, especially among children, due to consuming the supplied water.

Residents of Maloya Colony in Chandigarh's Economically Weaker Section (EWS) housing cluster are battling a persistent crisis of contaminated water, prompting intervention from the National Human Rights Commission (NHRC), which has issued a notice to the Chandigarh Municipal Commissioner seeking a detailed report by June 27.

Complaints about black, foul-smelling, and muddy water have been flooding in for weeks, with multiple families reporting illness, especially among children, due to consuming the supplied water.

Santosh Kumar, 41, a factory labourer who lives with eight family members, described the water as "completely black and muddy". "It smelled terrible. Even after boiling it, my children had been ill for nearly a week," he said. "Everyone in the house fell sick — my son had severe stomach problems. We still face skin issues like itching near the eyes." Though he considered purchasing an RO filter, he said he had to redirect his savings toward his sister's upcoming wedding. "There was some leakage, but even after they said it was fixed, the water didn't improve."

Ajit Kumar, a 35-year-old driver, said mornings in his home begin with a half-hour of flushing muddy water from the taps. "Every morning at 6, the water starts coming. For the first half hour, it's muddy and smells horrible. We have to leave the tap running to flush it out, paani bohot barbaad hota hai," he said. "I told Mr. Dilawar and he said he'd inform someone, but nothing happened."

Ram Minister, 36, who lives with nine family members, said the water issues began around April 20. "First, I got a fever and stomach issues. Then my wife and kids fell sick. We had no choice but to boil water. The Pradhan helped us and got the leakage fixed. Now, it's a little better, but the past month was very difficult."

A 45-year-old rickshaw puller, who requested anonymity, said both he and his wife fell seriously ill due to the contaminated supply. "I try to buy Bisleri for my children, but it's too expensive. I can't afford RO or bottled water. Har insaan ko paani peene ka adhikaar hai. We are not even getting that," he said. "Despite repeated complaints, the problem continues. For 45 to 60 minutes every morning, we have to keep the tap open. Sometimes it improves, but then it turns muddy again."

Rajinder Kumar, 39, a small business owner living with six family members, said the

situation has improved slightly. “For the past five–seven days, the water has been cleaner. But it still turns muddy in the mornings. My children had fallen sick earlier, and we had no option but to boil the water before drinking.”

Councillor Nirmala Devi of Ward 28 (Maloya), who is also the spokesperson for the Chandigarh Congress, was unavailable for comment. Her husband Dilawar, speaking on her behalf, said the water supply system had not yet been fully handed over to the Municipal Corporation. “The implementation is still pending,” he said. “We visited the booster and found clean water there. At the Housing Board, they said it’s the MC’s job. The MC said the Housing Board should handle it. Eventually, both chief engineers joined me, and we discovered a leakage in the pipeline.”

Officials claim that the problem is now restricted to two–three buildings out of 13–14, and some repair work has been initiated. However, the absence of clear accountability has only deepened the frustration of residents.

With the NHRC now directly involved, pressure is mounting on the authorities to implement a long-term, coordinated solution. Until then, the residents of Maloya continue to grapple with a basic, unmet necessity — the right to clean drinking water.

बालकों के साथ बालिकाओं, दिव्यांगों को रख रहे

आयोग के असिस्टेंट रजिस्ट्रार लॉ बजवीर सिंह ने कलेक्टर को भेजे पत्र में कहा है कि घरौंदा आश्रम, करूणा आश्रम खजुरिया, मदर टेरेसा चैरिटी आश्रम संचालकों ने संस्था में निवासरत बच्चों व बड़ों (व्यस्कों) की मौत के बाद उनका पोस्टमार्टम नहीं कराया और बीएमसी को देहदान कर दिया। सदस्यों की मौत की सूचना चाइल्ड वेलफेयर कमेटी, स्थानीय पुलिस सहित किसी भी सक्षम प्राधिकारी को नहीं दी।

वहीं घरौंदा आश्रम को किशोर न्याय अधिनियम के तहत सिर्फ बालक आश्रम की मान्यता प्राप्त है, लेकिन संस्था में बालिकाओं को भी रखा जाता है। इसके अलावा सामाजिक न्याय विभाग के द्वारा मान्यता प्राप्त आश्रम भी संचालित होता है, जिसमें कथित तौर पर दिव्यांग पुरुष और महिला भी निवास करते हैं।

इन बिंदुओं पर करनी है जांच

संस्था अधिनियम के नियमों का पालन कर रहा है कि नहीं?

क्या आश्रम पुरुष, महिला व बच्चों के लिए अलग-अलग का रखरखाव कर रहा था ?

क्या आश्रमों में पर्याप्त बुनियादी ढांचा था और अनुभवी कर्मचारियों को नियुक्त किया गया था ?

क्या इन बाल देखभाल संस्थानों का नियमित निरीक्षण किया जा रहा था ?

क्या आश्रम में किसी भी बच्चे की मृत्यु, जिसका कारण भी शामिल हैं, जिला प्रशासकों को सूचित किया गया है ?

पीड़िता को मिली प्रतिकर राशि

आयोग ने अपने नोटिस में कहा है कि घरौंदा आश्रम ने करीब १ तो करुणा आश्रम व मदर टेरेसा चैरिटी आश्रम ने करीब 4 अनाधिकृत देहदान किए, जिनमें नाबालिग, दिव्यांग शामिल हैं। आश्रम में निवासरत पॉक्सो पीड़िता की संदिग्ध परिस्थितियों में मौत के बाद बिना पोस्टमार्टम कराए अंतिम संस्कार किया गया। पत्र में यह भी कहा गया है कि पीड़िता को दी गई प्रतिकर राशि को भी आश्रम प्रबंधन द्वारा गलत तरीके से खुरद-बुर्द किया गया था। इसके अलावा 3 युवतियों को कथित तौर पर घरौंदा आश्रम से करुणा आश्रम में किसी भी सक्षम प्राधिकारी से प्राधिकरण के बिना स्थानांतरित कर दिया गया था और उनकी वर्तमान स्थान और स्थिति अज्ञात है।
